Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

APR 16

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

*My symptoms of depression, motivation, and anxiety have been relieved because of the compounded medication I use. I have been in chronic pain since 1994 and as a result do not need to be concerned about other symptoms of depression, motivation, and anxiety. By taking the hormone I find my mind is clear to think good thoughts in spite of the pain. I have been suicidal many times over the last few years because of RSDS, my hormones help me deal with my pain realistically. The government does not care about me but my doctor and pharmacist does.*
